Falcon Minerals Corporation Appoints Austin Frey as Vice President of Reservoir Engineering

October 29, 2018

PHILADELPHIA--(BUSINESS WIRE)--Oct. 29, 2018-- Falcon Minerals Corporation ("Falcon" or the "Company") (NASDAQ: FLMN, FLMNW) today announced the appointment of Austin Frey to the position of Vice President – Reservoir Engineering.

Mr. Frey most recently served as Senior Staff Reservoir Engineer for Viper Energy since 2014, where he directly managed over \$300 million in oil & gas mineral rights acquisitions, including positions in the Eagle Ford Shale and Permian Basin. Prior to Viper, Mr. Frey was a Reservoir Engineer for Pioneer Natural Resources, where he focused on acquisition and divestiture activity, as well as exploration efforts across the Permian Basin. Mr. Frey earned a Bachelor of Science in Petroleum Engineering from Texas Tech University.

Daniel C. Herz, Chief Executive Officer and President of Falcon, stated, "We are very pleased to add Austin to our team here at Falcon, where he will provide an immediate impact on the growth and success of our business. Austin brings with him tremendous experience and insight in the oil & gas minerals business, as well as a deep knowledge of the Eagle Ford Shale and Permian Basin. We look forward to expanding our enterprise with his support."

About Falcon Minerals

Falcon Minerals Corporation (NASDAQ: FLMN, FLMNW) is a C-Corporation formed to own and acquire high growth oil-weighted minerals rights. Falcon Minerals owns mineral, royalty, and over-riding royalty interests covering 251,000 gross unit acres in the Eagle Ford Shale and Austin Chalk in Karnes County, DeWitt County, and Gonzales County, Texas.
